Reorganization Would Split Tam High Area

A plan to combine 19 of Marin's school districts into five unified districts was advanced today by the Marin County Committee on School District Organization. The committee has spent a year preparing an overall master plan for the heavily populated section of the county, according to George J. Benoit. Jr., San Anselmo research chemia who is its the result of that study.

9 Girls Seek committee has no authority to districts. The state Department of the committee has no authority to districts. The state Department of the committee has no authority to districts.
